Intro: Am C Am C Am C G

[Primeira Parte]

Break all the horses  
You can't have no spirit here  
They're shuttin' down a way of life  
Thats stood a lot of years  
[Segunda Parte]

And progress is gonna get us  
If the smoke and the whiskey don't  
But you'd think that they'd leave  
Us well enough alone  
[Refrão]

So set the free range up in smoke  
They might as well just let it go  
You can't work and you can't ride  
'Cause there ain't no fields left to run  
All the fences done gone up  
There ain't no cattle drive  
Another bullet in the cowboy life  
( Am C )

[Terceira Parte]

It's gettin' harder to find tough  
There ain't a scuff on no boots

It seems these days that a man  
Ain't got a thing to prove  
[Quarta Parte]

Boys that grew up on backbreakin'  
Hard labor and calloused hands  
And if you've got a problem  
Step out back and take a chance  
[Refrão]

So set the free range up in smoke  
They might as well just let it go  
You can't work and you can't ride  
'Cause there ain't no fields left to run  
All the fences done gone up  
There ain't no cattle drive  
Another bullet in the cowboy life
