

Rannah Sheeva - What You Never Wanted

tom:

A

Found myself stuck between two things to choose

Life can be hard when it leads you to the worst roads

You knew that I would do what I was taught

Did what I was able to get back to myself

And that's what you never wanted

Why aren't we born knowing

How not to get hurt when loving

I never wanted to make you sad

But what can I do about it

When you never wanted to know me for real?

No, you never wanted to know how I feel

You never cared for what is real

?Cause you were in your world

To me that's unreal

Don't you get the point of being alone?

The desert makes us more strong

To die to ourselves

I know it hurts to lose but there's no choice

Be strong to give up and rise up to go on

To do what you never wanted

Why aren't we born knowing

How not to get hurt when loving

I never wanted to make you sad

But what can I do about it

When you never wanted to know me for real

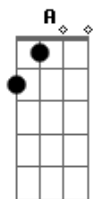

No, you never wanted to know how I feel

You never cared for what is real

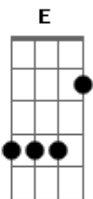

?Cause you were in your world

To me that's unreal
