

# Rascal Flatts - Like I Am

tom:  
 Lying here with you, I watch you while you sleep  
 The dawn is closing in, with every breath you breathe  
 I can feel the change, the change you've made in me  
 But will I ever see, all the things you see in me

[Refrão]

When you say that I'm one of a kind  
 Baby, I don't see it but you believe  
 That I'm so strong and true, I promise you  
 I'll try to be that kind of man  
 Because you love me like I am

When it comes to love, I may not know the rules  
 But there's one thing I know, my heart belongs to you, just

you

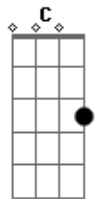

[Ponte]

You show me, you love me  
 With a fire that burns deep inside

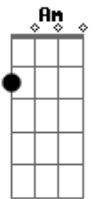

[Last Refrão] (key change)

When you say that I'm one of a kind  
 Baby, I don't see it but you believe  
 That I'm so strong and true, I promise you  
 I'll try to be that kind of man  
 Because you love me like I am
