Burning coals of the ages and also the words  
**A**  
Of their sages

**A**  
Look, it's the train  
**D**  
It comes huffing and puffing and coughing  
**A**  
And calling - Hey man!  
See, it's the train  
**D**  
You just leave back your luggage  
**E**  
You need but your courage, Amen

**E**  
Who's gonna cry?  
**A**  
Who's gonna stay?  
**E**  
Who's gonna laugh  
**A A A**  
Going my way?  
**E**  
For the magic train's a-comin' **A**

**E**  
Look, it's drawin' into the station **A**  
**E**  
All the livin' are within  
**E7** **A** **D** **E**  
The chosen ones in this nation... in this nation

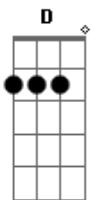

**A**  
Look, look the sky  
**A**  
It is not the one sky that you knew  
**A**  
Can't you fathom the why?  
Look, see the sky  
**A**  
See the clouds that are blowing

**A**  
Listen, here's the sign  
**D**  
As it grows into trumpets  
**E** **A**  
Beasts and strumpets! Come, try!  
God in the sky  
**D**  
Skimming clouds of the atom  
**E** **A**  
Come angels and anthem - Oh my!  
Look at the evil  
**D**  
Kissing good and both bowing  
**E** **Gbm**  
And sewing their way for the train, train...  
**E** **A**  
A... men...
