

Raul Seixas - White Wings

Tom: G

(intro) G D C G

When I stare the ground of
my land

Burning loose as dancing flames
I asked man there upon

the heavens
If I deserve me this kind of pain
I asked the man there upon

the heavens
If I deserve me this kind of pain

Everywhere the ground is so dry
There's no trees, no green, just red

I lost my cattle, my apaloosa
For lack of water some took away

I lost my cattle, my apaloosa
For lack of water some took away

Even white winged birds flew away
Flew away from my land sight
It was when I said goodbye

sweet Rosie
Keep in to your heart, this heart
of mine

It was when I said goodbye

sweet Rosie
Keep in to your heart, this heart
of mine

(solo) (G C G D G)
(G7 C D G)

Many thousands miles away, now
Feeling lonely, lost and blue

I keep on waiting rain falls again there
So I'll be back thou home again

I keep on waiting rain falls again there
So I'll be back thou home again

When the glow green of your eyes
Flows again all over land

I can assure you, so don't
you cry, no

'Cause I'll be back, see
To you again!!

I can assure you, so don't
you cry, no

'Cause I'll be back, see
To you again!!
