Ray x Ben - Be Someone

```
                  tom:
                   E
Intro: Em7  G   A   Em

              Em7
I don?t want to be around
                    G                A
If you don?t want to tell me something
              Em7
And I don?t?want?to see you?around
                      G           A
Cause you know you?re gonna be?someone
                Em7
Gonna be some one else
                  G        A
And still it hurts to say
                    Em7
Yeah still it hurts to say
           G   A
I need you

Em7
     I walk along this earth
                   G
Living life in reverse
                 A
I walk as it all turns
                   Em7
I watch as the shit burns
Oh what have I learned?
                   G
It pays to be there first
                 A
So I?m waiting for my turn
               Em7
To reach what we deserve

Oh, no, no, no
                        G
I won?t go back there no more
```
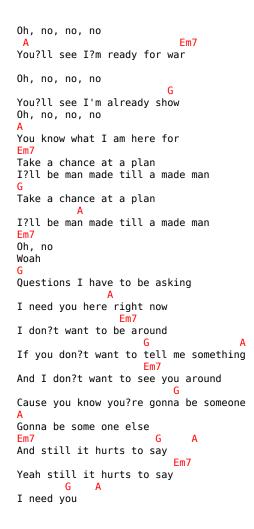

```
Oh, no, no, no
     A                        Em7
You?ll see I?m ready for war

Oh, no, no, no
                            G
You?ll see I'm already show
Oh, no, no, no
A
You know what I am here for
Em7
Take a chance at a plan
I?ll be man made till a made man
G
Take a chance at a plan
                    A
I?ll be man made till a made man
Em7
Oh, no
Woah
G
Questions I have to be asking
                     A
I need you here right now
                 Em7
I don?t want to be around
                    G              A
If you don?t want to tell me something
                 Em7
And I don?t want to see you around
                          G
Cause you know you?re gonna be someone
A
Gonna be some one else
Em7                  G      A
And still it hurts to say
                       Em7
Yeah still it hurts to say
        G    A
I need you
```
