

Real Estate - Primitive

Tom: E

Dbm
A
When the night is young in the land I'm from, the seasons
ghost away

Dbm **B** **D**
A
The stars at night obscured by light, can still lead me
through this

Abm **Gb** **A** **Abm** **Gb** **A**
Don't know where I want to be but I'm glad that you're with me

Abm **Gb** **A**
And all I know is it'd be easy to leave

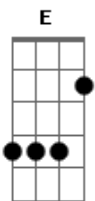

Do this walk down on the **D** string before that main riff:

And that's basically it!

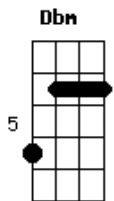

And in my mind I can't see the street
Where you and I will live
You still can't see the stars at night
But we're not primitive

Don't know where I want to be
Oh but I'm glad that you're with me
And all I know is it'd be easy to leave
