Tom: E

I found you
 You were so sad so I catch you
 I watch you and saw
 That You were in pain
 But didn't lost your bright
 And the will to live
 I've lost you
 You are not here
 I wanna touch you

I want you for me
 I've lost you
 You are not here
 And you're gone
 Let a hole in my soul
 What to do to not think
 In your joyfull way to look at me
 I just want to come back
 To the day I've found you
 You are everywhere
