

Rebecca Sugar - Steven Universe - Escapism

tom: [Intro] C C F

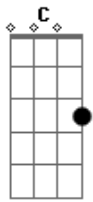

I feel a little pain
 That I would rather do without

I'd rather be
 Free - ee, free - ee, free

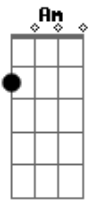

I'd rather be
 Free - ee, free - ee, free
 Free - ee, free - ee, free
 From here

I guess I have to face
 That in this awful place
 I shouldn't show a trace
 Of doubt
 But pulled against the grain
