A lazy rain am I
The skies refuse to cry
Cremation takes its piece
Of your sup_ply
The night is dressed like noon
A sailor spoke too soon
And China's on the dark side
Of the moon

Platypus are a few
The secret life of Roo
A personality I never knew
My crater weighs a ton
The archer's on the run
And no one stands alone
Behind the sun

It's been a long time
Since I made a n?w friend
Waitin' on another
Black summer to end
It's been a long tim?
And you never know when
Waitin' on another
Black summer to end
