

Red Hot Chili Peppers - I Could Have Lied

tom:

Bm

There must be something in the way I feel

That she don't want me to feel

The stare she bares cut me

I don't care

You see so what if I bleed

[Chorus]

I could never change what I feel

My face could never show what is not reeal

[Verse 2]

A mountain never seems to have the need to speak

A look that shares so many seek

The sweetest feelings I got for you

The things I said to you were true

[Chorus]

I could never change what I feel

My face could never show what is not reeal

[Bridge]

I could have lied, I'm such a fool

My eyes could never never never keep their cool

Showed her and I told her how

She struck me but I'm fucked up now

[Solo]

[Verse 3]

But now she's gone, yes she's gone away

A soulful song that would not stay

You see she hides cause she is scared

But I don't care I won't be spared

[Bridge]

I could have lied, I'm such a fool

My eyes could never never never keep their cool

Showed her and I told her how

She struck me but I'm fucked up now

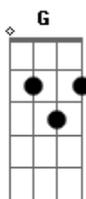

I could have lied, I'm such a fool

My eyes could never never never keep their cool

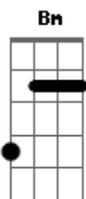

Showed her and I told her how

She struck me but I'm fucked up now
