Affecting almost everything
The more I hear the orchestra

And now I see you in a beautiful
And different light
He's just a man and any damaging done
Will be all right
Call out my name
Call and I came

Hes just a man-All in a hand
Your heros designated to waver

Look at me who could raise you
Face in the sand-Safe in your hand (dedilhado

And we're loving up the me nots
The flowers in your flower pot
