Red Hot Chili Peppers - Turn it Again

Tom: Bb	We get it hot we cool it down And then we pass it around
VERSE	You can dance For the sake of a golden day Take a chance on getting rid Of whatever's in your way Next stop big hop Is turning night into day
lst Ending 2nd Ending 3rd Ending, 4th just strum chord again	Sometimes when I'm lying there all alone I think of every little nothing That we could own To overthrow all of you Who have overgrown
CHORUS	All my friends Like to spend Days on end On the mend I turn to you, I turn into And then I turn it again
	Here we go All we know Heavy load, Start to float Without a doubt, we turn it out And then we turn it again
2nd Chorus Ending	Lets dance all night and day now Get down and show the way how I want to show you that I care
SOLO	Two things I want to say now You make it all ok now I need to know that you are there
Play Chorus then tremolo pick these notes then this really fast	I've come to learn Whatever time I can find to spend Taking flight into Whatever light we bend Out on the street I get a beat and then I turn it to ten
then bend on the 15th fret twice here	Lace boots and the Ladies of kasakstan Kick 'em high to the sky All of this just because we can I turn to cuba Then aruba then the dominican
Back to chorus and end on this	We've got to move it If we want to do our best We've got to shake it If we want to keep it fresh
<pre>/ slide up \ slide down h hammer-on p pull-off ~ vibrato harmonic x Mute note</pre>	I'm turning down All the heavy psychology To cut a rug And I make no apology I turn a cheek, I turn a key And then I turn it for free
<pre> b bend note r release note Some of us get a little And some a lot We've got to make due With what ever we got</pre>	We've got to move it Just a little to hit the spot A whirling derbish in a flurry A fox to trot Come clown around, a robot Doin' the astronaut
Acordes
