         B  Am
A                    A
  Knocked off my feet
                     A
The earth moved beneath
                   Am                      B
The edge of a dream and a nightmare

Am        B
Open the door
Am                B
Fell through the floor
Am                   B          Am           F
Slipped through the cracks into nowhere

           Dm         Am
So tell me where were you
                  C                           F
When everything fell down like thunder
                  Dm       Am
I begged you to pull me through
            C
I couldn?t get out from under

A             A
  I took the fall
            A
I took it all
              Am                    B
Last night was just an illusion

Am         B
Cut me, I bleed
Am          B
Feel me in need
Am         B           Am         F
I finally broke in the pressure

           Dm         Am
So tell me where were you
                  C                           F
When everything fell down like thunder
                  Dm       Am
I begged you to pull me through
                  C                    F
I couldn?t get out from under
                   Dm           Am
Left me for dead inside my head
                              C                          F
Couldn?t you see that I was still breathing?
                    Dm         Am
Screaming, I reached for you
                  C
I couldn?t get out from under
