

Regina Spektor - The Calculation

Tom: **C**
Intro: 2x: **C G**

C
You went into the kitchen cupboard

F
Got yourself another hour

F
And you gave

Am
Half of it to me

C
We sat there looking at the faces

C
Of these strangers in the pages

F **Am**
'Til we knew 'em mathematically

Dm
They were in our minds

F
Until forever

Dm
But we didn't mind

G
We didn't know better

C
So we made our own computer out of macaroni pieces

F **Am**
And it did our thinking while we lived our lives

C
It counted up our feelings

And divided them up even

F **Am**
And it called that calculation perfect love

Dm **F**
Didn't even know that love was bigger

Dm
Didn't even know

G
That love was so, so

Hey Hey Hey

F
Hey this fire it's burnin'

C **F**
Burnin' us up

F
Hey this fire it's burnin'

C
Burnin' us..

Dm

Up

Bb
Ohhhhh

F
Ohh Ohh Ohh

C
So we made the hard decision

And we each made an incision

F
Past our muscles and our bones

Am
Saw our hearts were little stones

C
Pulled 'em out they weren't beating

And we weren't even bleeding

F **Am**
As we lay 'em on the granite counter top

Dm
We beat 'em up

F
Against each other

Dm
We beat 'em up

F
Against each other

Dm
We struck 'em hard

F
Against each other

Dm
We struck 'em so hard

C
So hard until they sparked

F
Hey this fire it's burnin'

C **F**
Burnin' us up

F
Hey this fire it's burnin'

C **F**
Burnin' us up

F
Hey this fire it's burnin'

C
Burnin' us..

Dm
Up

Bb F G
(ohhh ohh ohhs & woo wooo woos part)
