

Renato Braz - Cruzeiro do Sul

Tom: C

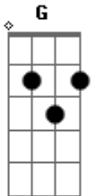

Cruz de estrelas
 Apontando o sul
 Norteando a terra
 Talismã de luz no céu do planeta
 Punhal brilhante
 Rasgando a noite
 Da solidão brasileira
 Quem me dera

Simplesmente estar
 E olhar as estrelas
 Sem pensar nas cruzeiras ou nas bandeiras
 Quem dera as luzes da via-láctea
 Iluminassem as cabeças
 E acendesse um sol, em cada pessoa
 Que aquecesse o sonho e secasse a mágoa
 Esta terra é boa, esse povo agita
 Não é à toa que a gente voa
 Que a gente canta e acredita
