

Renato Russo - Cherish

Tom: Gb

So tired of broken hearts, and losing at this game
Before I start this dance I take a chance in telling you
I want more than just romance
You are my destiny, I can't let go baby
Can't you see
Cupid please take your aim at me
Cherish the thought
Of always having you here by my side, oh baby
Cherish the joy you keep bringing it into my life
Oh cherish your strenght
You got the to power to make me feel good, oh baby
Perish the thought of ever leaving never I would
I was never satisfied with casual encounters
I can't hide the need for two hearts that bleed
With burning love that's the way it's got to be
Romeo and Juliet, they never felt this way I bet
So don't underestimate my point of view
Cherish the thought
Of always having you here by my side, oh baby
Cherish the joy you keep bringing it into my life
Oh cherish your strenght
You got the to power to make me feel good, oh baby
Perish the thought of ever leaving never I would
Who? You! Can't get away, I won't let you
Who? You! I could never forget to
Cherish is the word I use to remind me of

... your love

Give it to me boy, oh...all...all...all you joy
Give me faith, I will always cherish you
Romeo and Juliet, they never felt this way I bet
So don't underestimate my point of view
Cherish the thought
Of always having you here by my side, oh baby...
I cherish the joy You keep bringing in into my life, oooh...
Cherish your strenght
You got the power to make me feel good
And I perish the thought
Of ever leaving I never would
