

Rend Collective - Reap That Joy

tom:

Intro: B E B E

[Primeira Parte]

We've sown in tears
 We've sown in grief
 We've scattered seeds
 Of broken hearted broken dreams
 We've buried years
 Of hurt down deep
 But wait and see
 The winter frost will yield to spring

[Refrão]

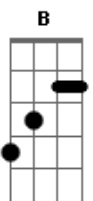

I know we're gonna I know we're gonna
 I know we're gonna I know we're gonna
 Reap that joy
 Reap that joy of the Lord
 As long as you're living as long as you're breathing
 Don't you ever stop don't you ever give in
 Reap that joy
 Reap that joy of the Lord
 Oh reap that joy

(B E B E)

[Segunda Parte]

We've planted pain
 We'll harvest hope
 Isn't darkness where the garden
 Starts to grow?
