               C
                                    Em
Your boyfriend's in the bathroom and I'm holdin' your hand
I wonder if he notices the things that I can
You don't even get it, no, you don't understand
I want you, but I know I'm only one of your friends
I know all about you, all your favorite things
I listen to your stories, all your wildest dreams
And you go on for hours, say he's not what you need
You know you're too good for him, but if it were me
I'd give you everything, hmm
                 Em Am G
So what can I do? Ooh, ooh, ooh
                   Em Am G
So you feel it too? Ooh, ooh, ooh
'Cause I just wanna say it, but I'm scared if I do
You ain't lookin' at me the way I look at you
                 Em Am G
So what can I do? Ooh, ooh, ooh
              C Em Am G
So you feel it too? Ooh, ooh, ooh
I'd rather keep on lyin' than to tell you the truth
```

```
So I'll be here forever wonderin' what can I, what can I do?
                  Em
                                 Am
I'm sorry, but I'm picturin' you kissin' my neck
                Em
                                \mathsf{Am}
You comin' over late at night to be in my bed
'Cause I swear that you feel it, but then I second guess
I don't know if you see us how I do in my head
I'd give you everything, hmm
                  Em Am
So what can I do? Ooh, ooh, ooh
                   Em Am G
So you feel it too? Ooh, ooh, ooh
'Cause I just wanna say it, but I'm scared if I do
You ain't lookin' at me the way I look at you
                  Em Am
So what can I do? Ooh, ooh, ooh
               C
                    Em Am
So you feel it too? Ooh, ooh, ooh
I'd rather keep on lyin' than to tell you the truth
So I'll be here forever wonderin' what can I, what can I do?
   Em
          Am G
What can I do?
    Em
           Am
You feel it too?
    Fm
           Am
What can I say?
      Em
Are, are you
Am G
Are, are you
