

Richard Ashcroft - Find Another Reason

```
And baby
              tom:
                                                           The miracles they come so fast
Intro: G C G Gm Am7 G
                                                                        Gm
                                                           You're passing every chase
[Primeira Parte]
                                                           In the magic in your mind
If all of this is energy
                                                           [Refrão]
Never ending symphony
Am7 G
Echo in the time
                                                           Ending time
                                                           You might find another reason
                                                           Gm Am7 G
Find another reason to live
Then baby
In our eyes I wanna stay
                                                           G C
                                                           I am on your side
Reflecting what I want to say
                                                            G
                                                           So let's find another
 Am7 G
Now I see my crimes
                                                            Gm Am7
                                                           Find another reason to live
C G
If all of this losing street
                                                           Gm
Life just fool a misery
 Am7
I think I understand
                                                           [Verso 3]
But baby
Within you I can feel dream
                                                           If all of it's clear to me
 Gm
                                                                         Gm
Never ending frequency
                                                           The crystal waters running free
 Am7 G
All the sound sublime
                                                           The moutains of your soul
                                                           G
[Refrão]
                                                           Baby
                                                           The words are no longer out of me
Ending time
                                                                   Gm
                                                           A endless pages some to sing
You might find another reason
                                                           Am7
                                                           Am7 G
Something to delight
Gm Am7 G
Find another reason to live
                                                           Honey
I am on your side
                                                           C
G
So let's find another
                                                           If all of this is energy
                                                                        Gm
 Gm Am7 G
                                                           Never ending frequency
Find another reason to live
                                                           Echo in the time
G
                                                           Baby
                                                                   G
[Verso 2]
                                                           Cave is where I need to be
                                                                  Gm Am7
                  G
                                                           And I can out again whatever I like
You walk in all get ceremony
                                                           Baby
I wonder morning so be
                                                           [Final] C G Gm Am7 G C G Gm Am7 G
Don't you feel divine
