Oh Michael all the lines are down it's Australia day again
Every time the wheel slows down

What every happened to the days way back
When the Bondi Life Saver was always ragin'

Standing here in Oxford street
And the ghosts are howling and geeze it's raining

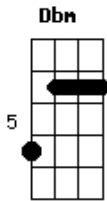

[chorus]
I say don't waste time,
these are the best years of our lives
I said don't waste time,
these are the best years of our lives

The song goes on like what I've showed above.
