

# Richie Sambora - Take Me On

tom:

Intro: D Bm A G

You've been out all night, that's right  
Underneath your black umbrella  
Head moves round the right, so tight  
Not me or angels in the sky, they don't lie

Bm  
You walked by, this empty street  
A  
I'm hoping that our eye's might meet  
G  
Your hearts too blind to see me  
A  
That's the price of being lonely

D Bm  
You want real love, you think that you're tough enough  
A G  
Take Me On, Take me on  
D Bm  
You wanna be turned around, you want to touch higher ground  
A  
For the love that you've been missing  
G  
If you think that you're not strong  
D  
Take Me On

Bm  
In a small cafe, all day  
Bm A G A  
Staring in a cup of Coffee

Bm  
Time just slips away  
Em7 G  
Smoking you're last cigarette, with no regret

Bm  
I say hello, you look away  
A  
There's a smile behind your face  
G  
There's something more between us  
A  
But your hearts too blind to say

D Bm  
You want real love, you think that you're tough enough  
A G  
Take Me On, Take me on  
D Bm  
You wanna be turned around, you want to touch higher ground  
A  
For the love that you've been missing  
G  
If you think that you're not strong  
D  
Take Me On

[Ponte]

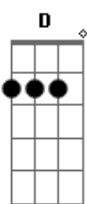

C  
There's a face in every window, a light goes out

Someones alone

Another chance gone, gone
