Rick Astley - Hold Me In You Arms

Tom: Db

    Int.: Db   Fm Gb Gb

```
Db                        F
We've been trying for a long time
     Gb                            Gb
To say what we want to say
Db                  F
   But feelings don't come easy
      Gb              Gb
To express in a simple way
                 Gb
But we all have feelings
   Ab
We all need loving
     F                    Gb        Gb
And who would be the fool to say, that if you
Db                Fm
Hold me in your arms
   Gb              Gb
I won't feel better
        Db              Fm
If you hold me in your arms
       Gb              Gb
We can brave this storm together
Db        F
 We both know theres a problem
    Gb                      Gb
A problem that we've got to face
Db                  F
   So put your trust in me, lover
          Gb                  Gb
No-ones ever gonna take your place
           Gb
'cos we all have a problem
```

```
        Ab
We all have fears
           F                Gb
But theres always got to be a way
             Gb
Yes we all have feelings
       Ab
We all need loving
         F                      Gb        Ab
And you would be a fool to say, that if you
Db                Fm
Hold me in your arms
   Gb              Gb
I wont feel better
Db                    Fm
If you hold me in your arms
       Gb                      Gb
We can brave this storm together

(solo)
                   Db      Gb
You only have to hold me
B      Db       Db      Gb       Gb
Touch me to make me feel so good
                   Db      Gb
You only have to hold me
B     Db
Feel me
       Gb                      Gb
To make me feel the way you know I should
(Db              Fm      Gb    Gb )
Hold me in your arms
Hold me in your arms
Hold me in your arms
Hold me in your arms
When you gonna hold me in your arms
```
