Rick Astley - Sleeping

```
                tom:
                Em
        E                          Em  G  D  Bm
Sleeping, sleeping, sleeping
              Em    G             D    Bm
And I'm not sleeping now that you're gone

  Em        C      G
I toss and turn, I'm turning around
   G         Em
But I cannot sleep
         C           D
I'm hypnotized, I'm paralyzed
               Em
By a different beat
              C            D
I hear your voice getting louder now
G             Em
Yet so out of reach
         C
But I'm mistaken
              G  D   Bm
It's only the echo of you

              Em     G  Am  G   D    Bm
And I'm not sleeping now that you're gone
              Em     Am       D     Bm
I can't help feeling I did you wrong
                     G                  D
And the night goes on and on and on and on and on
           Bm
And on and on and on
         C            D
A crowded bar, the mating game
              Em
So I'm out of place
         C               G
It's so bizarre, she coming onto me
               Em
But I see your face
         C        D     G                  Em
The DJ plays familiar songs and it takes me back
         C
But I'm mistaken
              G  D   Bm
It's only the echo of you

            Em     G  Am  G   D     Bm
And I'm not sleeping now that you're gone
              Em     Am     D       Bm

I can't help feeling I did you wrong
            Em
And I need healing
      Am G D   Bm
It's been so long
                          G             D
And the night goes on and on and on and on
           Bm            G
And on and on and on and on
         D             D
And on and on and on and on
           Bm
And on and on and on and on

C   G             D
(I hear your voice)
                    Em  Bm  G
(I hear your voice calling) Calling on me

(I hear your voice)
D            Bm
On and on and on and on
Em         Cma7           D
I toss and turn I'm turning around
                 Em
But I just can't sleep
          C           D          Bm
I'm hypnotized, I'm paralyzed
          Em         G              D    Bm
And I'm not sleeping now that you're gone

(I hear your voice calling)
            Em         D7  G    D     Bm
And I can't help feeling I did you wrong

(I hear your voice calling)
            Em          Am    D     Bm
And I need healing it's been so long

(I hear your voice calling)
            Em      D   Am   D          Bm
And I m not sleeping now that you're gone

(I hear your voice calling)
            Em     D Am  D        Bm
I can't help feeling I did you wrong

(I hear your voice calling)
             Em  D7       D
And I need healing it's been so long
