 Dark & I'm burning a rose  
**Fm Cm**  
 I don't need proof  
**Ab** **Eb** **Fm Cm Ab Eb**  
 I'm torn apart & you know  
**Fm Cm Ab**  
 What you did to me was a crime  
**Eb Fm Cm Ab Eb**  
 Cold Case Love  
**Fm Cm Ab**  
 & I let you reach me one more time  
**Eb Fm Cm Ab Eb**  
 But that's enough

( **Fm Cm Ab Eb** )

Your love is breaking the law  
 But I need a new witness  
 So wake me up when it's over  
 It don't make any difference  
 Will it ever be solved  
 Or am I taking the fall  
 Truth was there all along  
 Tell me how did we miss it

Refrão:  
 We opened up a  
 Cold case love  
 And it got the best of us  
 And now printed pictures  
 And white lines  
 Are all that's left

At the scene of a crime  
 Of a cold case love  
 Oh, oh, oh

Should've investigated  
 But love blinded eyes  
 Couldn't see, no  
 And then I tried to cage it  
 But your love ain't the kind  
 That you can keep

Release me now cause  
 I did my time  
 Of this cold case love  
 My heart's no longer cold  
 And confined  
 I've had enough  
 Oh, oh, oh

**Db Eb Fm**  
 We lost our way  
**Cm Db**  
 Took this too far  
**Eb**  
 Now I'll never find  
**Ab Eb Fm Cm Db**  
 The pieces of my heart  
**Eb Fm**  
 We've lost enough  
**Cm Db**  
 Looking for a truth  
**Bbm Eb**  
 That was here all along
