5 Am out the door

Eight hour, maybe more

Am
Starin' me down

Hatin' work, haulin' dirt

Am
Man this shit's just been wearin' me out

Off at two, nothin' to do

Am
'Cause that girl, she don't get off 'til five

C
But I'll have a bottle of waitin'

G
And it's on when she pulls in the drive

[Refrão]

G
When she comes home tonight

Am
We'll take that clock off the wall

C
Draw all them curtains

G
Let our clothes just lay where they fall

G
We'd turn down the lights

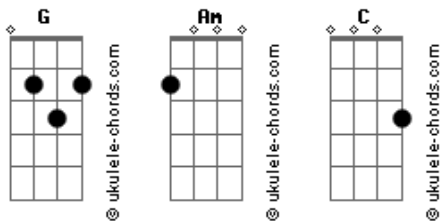

Am
And let our hands be our eyes

C
Be just her and I, we'll take our time

G
When she comes home tonight

G
Been a while overdue

Acordes

Gettin' her alone

Am
Thought's been drivin' me wild

G
Killin' time 'til her and I get back to lovin' like it's goin' out of style

C
I'm staring at this bottle awake

G
But it's on when she pulls in the drive
