

# Ringo Starr - As Far As We Can Go

tom:

Intro: D G D A

[Primeira Parte]

You don't have to say, I see it on your face  
When tears fall, they leave a trace

[Segunda Parte]

I told myself it won't be long  
It's too bad to lose what we had

[Pré-Refrão]

I thought our love song would go on and on

[Refrão]

People talk, yes, I think they know  
I guess that it must show  
We've gone as far as we can go  
They walk by and they whisper low  
The rumours had to flow  
We've gone as far as we can go

[Terceira Parte]

It's too bad, but I guess you know  
Love will die when it ceases to grow

[Quarta Parte]

Just like a rose that grows and grows

Some day will bloom, or so we assume

[Pré-Refrão]

When the ground runs dry, the rose will die

[Refrão]

People talk, yes, I think they know  
I guess that it must show  
We've gone as far as we can go  
They walk by and they whisper low  
The rumours had to flow  
We've gone as far as we can go
