

Ringo Starr - Everyone Wins

tom:

Intro: Am Em G D

[Primeira Parte]

Will we ever learn
What makes this world go round
Now its our concern, we still return
To the same old round
Nothing is new, under the sun
But things will get better

[Segunda Parte]

When we all are one
We'll play a different game
Harmony is fine but after a time
Well the key must change
Open your eyes, don't lose your way
Remember today

[Refrão]

Ahh, everyone wins
The light that's shining out from you
Will touch everything that you see
Ahh, everyone wins
You reach into the silence you
Will find it's the time to believe

[Terceira Parte]

Take care of yourself, there's no mystery
Try to understand everything's planned

Its more than you or me
Magic may come, magic may go
It's not the end of the show

[Refrão]

Ahh, everyone wins
The light that's shining out from you
Will touch everything that you see
Ahh, everyone wins
You reach into the silence you
Will find it's the time to believe

[Ponte]

One day you will find
The doubts you had are taken
From your mind (taken from your mind)
Taken from your mind
(Em G D)
(Am Em G)

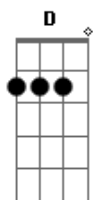

[Refrão]

Ahh, everyone wins
The light that's shining out from you
Will touch everything that you see
Ahh, everyone wins
You reach into the silence you
Will find it's the time to believe

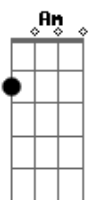

[Final]

Ahh, everyone wins
Everyone wins
Everyone wins in the end
