

# Ringo Starr - Give It A Try

tom:

Intro: C E7 F G

[Primeira Parte]

Everybody has a dream that they hold on to  
But what can they do  
To make it come true

[Segunda Parte]

Everybody has a whole lot of life to live  
But you've got to sit back  
Oh, you gotta relax

[Chorus]

You've got to love every breath you breathe  
Look at the sky and believe (oh yeah)  
Smile a little more as life goes by  
With love in your eyes  
Just give it a try, give it a try

( C E7 F G )

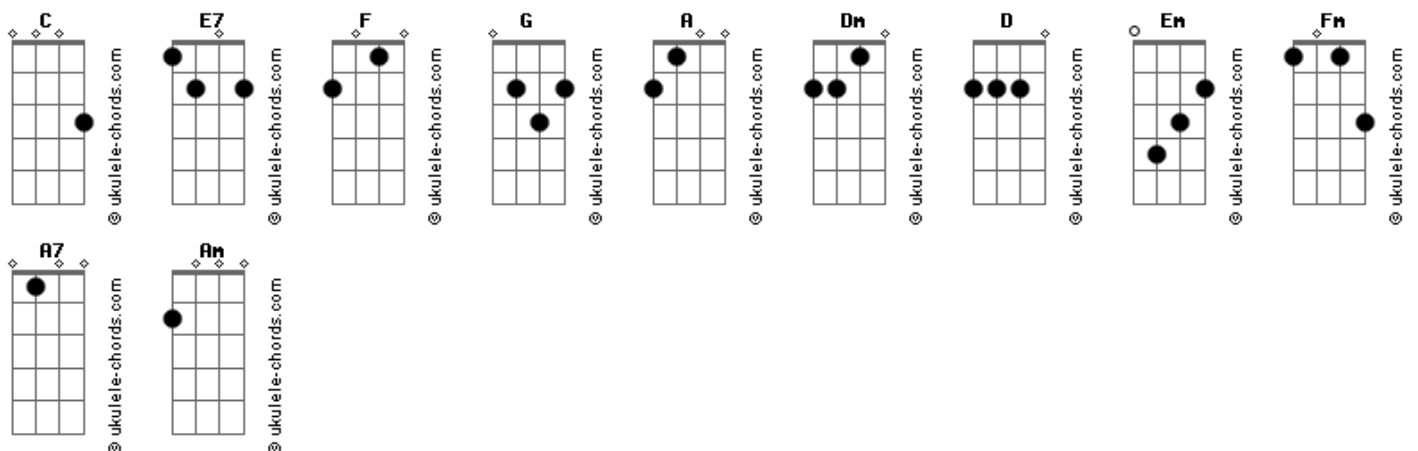

[Terceira Parte]

If you're tired of looking over your shoulder, it's time  
To take a look at yourself  
Don't be left on the shelf

[Quarta Parte]

C E7 A

## Acordes

In the end, you will surrender and then you'll be fine

Like everyone else

You'll be back in yourself

[Chorus]

You've got to love every breath you breathe  
Look at the sky and believe (oh yeah)  
Smile a little more as life goes by  
With love in your eyes  
Just give it a try, give it a try

[Ponte]

Everybody makes mistakes sometimes  
It's all right (alright), it's all right (alright)  
But you can have a better life my friend  
Here in the light  
One day at a time and your life will shine

[Chorus]

You've got to love every breath you breathe  
Look at the sky and believe (oh yeah)  
Smile a little more as life goes by  
With love in your eyes  
Just give it a try, give it a try  
Why kiss it goodbye (bye, bye), just give it a try

[Final] C E7 F C
