

Ringo Starr - Hard To Be True

Intro: **Bb**

[Primeira Parte]

Bb
Here in the night is when the memories fly
'Cause when I'm alone, I'm alone and I can't lie
It doesn't matter what I do, I'm still in love with you
Why is it so hard, so hard to be true

[Segunda Parte]

Bb
If I could take back all the things I've done
When I live in the past I relive everyone
Lying to myself, I knew I break my heart in two
Why is it so hard, so hard to be true

[Refrão]

Time after time
I a record that's been broken

I know that I'm outside a door that I can't open
The words through love I'd never spoken

(**Bb** **Gm** **Eb**)
(**F** **Gm** **G**)

[Refrão]

Time after time
I a record that's been broken
I know that I'm outside a door that I can't open
The words through love I'd never spoken

[Terceira Parte]

It's such a surprise to feel so much regret
But you are a love I know I won't forget
What I did I can't undo, I really wish I knew
Why is it so hard, so hard
Why is it so hard, so hard
Why is it so hard, so hard to be true
