

# Ringo Starr - Never Felt So Good

Tom: **C**

**C G F G(2x)**

Never felt so good  
since the night i met you  
that's when all my dreams came true

we would talk from night to day  
and maybe sometimes runaway  
to you i gave my heart that day

**F C F G**

but now your gone  
i feel so lost  
without you here with me

**C Dm F G**

sometimes i wish id never met you  
sometimes i wish id never let you  
go

**C G F G**

now that times moved on

i have to learn to be strong  
although all i want is you  
you 've changed my whole life

**C Dm F G**

sometimes i wish id never met you  
sometimes i wish id never let you go  
and i think u should know

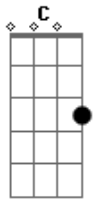

**Dm F G**

i shouldn't have messed u around  
now im the one left on the ground

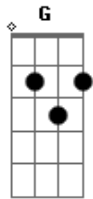

sometimes i wish id never met you  
sometimes i wish id never let you go  
sometimes sometimes i wish(repeat few times)  
never let you never let you go

when i see u on the street  
my head falls & hit my feet  
when i see you  
all i want is to say hi  
not by by(repeat to fade)
