

Ringo Starr - Snookeroo

Tom: **D**

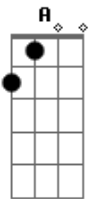

D
I was born in the north of England
Bm
I was raised in a working town
D
I broke all the rules when I went to school
Bm
But the teachers couldn't pin me down
D
I tried to make my parents proud
Bm
By adapting to the social powers
D
Oh pigs will fly, and the earth will fry
Bm
When they get me doing honest hours
Bm
Snookeroo, Snookeroo
A
Daddy's going on the booze
Bm
Mother used to cut my hair
A
And sister used to make the news

Bm
Oh it was two rooms up and two rooms down
A
And we were sentenced by the wrecking crane
D
I was born on the eve of Halloween
G
And Snookeroo, Snookeroo, Snookeroo's my name.
D
I need someone to cook for me
Bm
And turn me loose at night
D
I could spend my life with a factory girl
Bm
'Cause the factory girl's my type
D
I hear them gossip on the street
Bm
Most of what they say is true
D
Oh don't you know that I hear them say
Bm
There goes that lazy, no-good Snookeroo
(Repeat chorus)
