

## Rise Against - Chamber The Cartridge Intro

Tom: **F**

This song has the coolest intro...

On the second time around end on a--3.

The intro was easy to figure out...there's another way to play it that's all on the a but i think this is easier...now I just have to figure out the rest of the song!

let me know if you think this is right or if you have any suggestions for the rest of song...

## Acordes
