

# Rise Against - Like the Angel

Tom: D

Verso 1:

**Bm** **A**  
They turn the lights down low,  
**D** **G**  
In shadows hiding from the world,  
**D** **A** **Bm**  
Only coming out when it gets cold  
  
**Bm** **A**  
The seas part when they hit the floor,  
**D** **G**  
The voices carry on and out the door  
**D** **A** **Bm**  
And everything you touch turns into gold

(your answers always maybe)  
**D** **A** **Bm**  
Thats when I got up and left

**Bm** **A**  
A beating heart and a microphone,

Still tells of these times so long ago,  
  
**Bm** **A**  
And even though Ive come so far,  
**D** **G**  
I know Ive got so far to go and I  
**D** **A** **Bm**

any day now Ill explode
