

Ritchie Valens - La Bamba Solo

Tom: C (fade out)

Tabbed by Charlie Lin Alternate Version

Since no one tabbed this solo, I decided to tackle it myself.
I am absolutely positive that the notes and rhythm are correct.
I tabbed two versions of this solo. I believe the first version is easier to play
Palm mute the whole song, as to avoid excessive ringing of open strings. The tempo is 4/4 at around 120 bpm. So those of you who use Sony Soundforge, I recommend using time stretch for this section. Good luck and enjoy.

P.S. This is my first tab, so please email me comments or corrections at
Thanks for using this tab!
