

Rivers & Robots - Voice That Stills The Raging Sea

tom:

[Primeira Parte]

Wake up, we're only at the start of it
We're only at the edge of the ocean
And there's eternity to go

[Ponte]

And even in my searching
I know I'm only ever really just beginning
And even though You're endless
Lord, my joy is in the searching of Your heart

[Segunda Parte]

Father, Your peace surpasses everything
All thoughts and understanding
As I trust upon Your name

[Ponte]

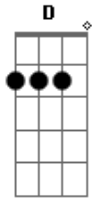

And even on this ocean
With the waves all crashing over and around me
I put my trust in Your love
For Your voice has stilled the savagest of storms

[Refrão]

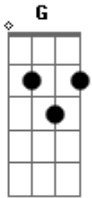

So let Your voice that stills the raging sea speak over me
