

Rô - Please, Meet Me On The Stars

tom:
Capostrate na 3ª casa

Wished that you could see

All the stars above

They can talk to me

On the milky way

They are not that far

Just a dream away

Honestly, I gaze at what's

Beyond the sparking rays

There must be something in the depths

Oh what the have to say?

It's an opportunity of a lifetime

The rocketship is a launching

We have no time to go back now

Go back now

The unknown must hold cosmic adventures
Emptiness is full of imagination, hold on

Please, meet me on the stars

Please, meet me on the stars

We have a place to stay

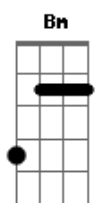

If you come, I'll wait

I wanna see what lies ahead

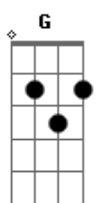

So please, meet me on the stars

Now we're flying high

Like never before, I'm trying

To remember it all you hear the wake up call

Dreams can get no better than this

Look around I hope you don't miss it all

It's an opportunity of a lifetime

The rocketship is a launching

We have no time to go back now

Go back now

The unknown must hold cosmic adventures
Emptiness is full of imagination, hold on

Please, meet me on the stars

Please, meet me on the stars

We have a place to stay

If you come, I'll wait

I wanna see what lies ahead

So please, meet me on the stars

(On the stars)

(On the stars)

(On the stars)

(Meet me on the stars)

Please, meet me on the stars

Please, meet me on the stars

We have a place to stay

If you come, I'll wait

I wanna see what lies ahead

So please, meet me on the stars
