

# Robbie Williams - Angels Solo

Tom: E

The chords are correct in the previous versions, so I thought I'd tab how I play the solo as I believe the other one on here is incorrect.

/ \

/ \

Bm
A
E

The chords played and when they're played are at the bottom. As stated, the whole thing is repeated 4 times. As always, listen to the song for timing.

= Gradually bend the note to the stated pitch, then strike note again whilst in the bend (..that's the best way I can describe it)

p = pull off

~ = vibrato / let note ring
