

Robert Francis - Keep Talking To Me

tom:
 [Primeira Parte]
 One of these days, I'll trade in my boots
 For a plot and a pine box A place in the roots
 No use pretending I'm good on my own
 When you take that last walk You take it alone

[Pré-Refrão]

No disagreements, No dead-end dreams
 Everything after and all in between
 No midnight movies, no moon in July
 The reasons for living you take when you die

[Refrão]

High is the river and low when it's dry
 When I'm finally out to sea
 Keep talking to me, Keep talking to me

[Segunda Parte]

The water is silver, The moon is so gold

You're lucky to see Your family get old
 My family saw me where I saw myself
 For the fun we had living We traded our health

[Pré-Refrão]

Someday our bodies slow to one lane
 Tell me our blood goes on way past the faint
 Tell me the Earth is too pretty to paint
 Cold like an iceberg and dark neath the grave

[Refrão]

Tell me my soul ain't too sorry to save
 When I'm finally out to sea
 Keep talking to me, Keep talking to me

[Final]

Keep talking to me
 Keep talking to me
 Keep talking to me
 Keep talking to me
