

# Robinson - I Tried

tom:

G

Em C G

My throat is getting dry and I feel anxious  
Em Am G  
I'm eleven and a half blocks from your door  
Em C G  
And we both different people since we last spoke  
Em Am G  
When we decided that we can't speak anymore

D Em C

And I still want you  
D Em C  
There's still a lot to say  
D Em C  
And I can't stand the silence  
D Em C  
So tell me do you feel the same?

G

I tried losing my mind  
D Em  
But you ended up inside of me every night  
C G  
And I tried getting away  
D Em  
You end up beside me when nobody is there  
C G  
Every place is a reminder of the shit we left behind us  
D Em  
And I wonder if we'll ever forget  
C G  
I tried, baby, I tried  
G  
I tried

Em C G

Wonder how we'll live without each other  
Em Am G  
Maybe when we find somebody who  
Em C G Am Em  
Looks and talks and thinks in all the same ways that we do  
C D  
But it's not me, and it's not you

D Em C

And I still want you  
D Em C  
There's still a lot to say  
D Em C  
And I can't stand the silence  
D Em C  
So tell me do you feel the same?

I tried losing my mind

But you ended up inside of me every night

And I tried getting away

You end up beside me when nobody is there
