

# Rod Junior - Happiest Man

Tom: G

It's not my wish back in time  
 But I would back to last night  
 It was you made the maddest man on that Earth  
 The way you laugh made my heart  
 Beat in a desperate harm  
 And I'll not lie it was a wonderful night

(pre chorus)

One day I dreamed that my dreams came true  
 And the happiness, yes, she would find me  
 Today is seems that it comes to real world

And I am thinking it's because of you

(chorus)

If I can feel the love tonight  
 My troubles stay out of the rush.  
 And even in the difficult times  
 You make me feel the happiest man on the world.

oh oh oh oh oh

oh oh oh

oh oh oh oh

oh

(2x)

(repeat)
