Rod Stewart - Farewell

```
Tom: D
Intro: G D D A  x5

Riff 1

Verse 1

G               Riff 1
Fare thee well my brother
                       A
please don't stand in my way
G                     D
I'm going down to that dirty town
    A
no matter what you say
     G             Riff 1
You fooled me and you ruled me
                      A
and you played in every part
        G         D
I gotta go, it's no use me stayin' home

G               Riff 1
Goodbye my sister
             A
please don't let me see you cry
 G              D
Gonna be a star some day
                      A
no matter what they say
    G              Riff 1
And when you hear the crowds
              A
all callin' and shouting out my name
        G             D
until then, my little friend, I'll be unsatisfied

 G           Riff 1
So long sweet Melinda
          A
don't forget that you're my girl
        G
Gonna dress you fine
           D
and if you give me time
            A
make you proud like I said I would
            G                 Riff 1
And if the Champs Elysee's no fallacy
                A
If I find the world looks like it should
       G                       D
Candy cars, movie stars, street bars

then I could stay a while
```
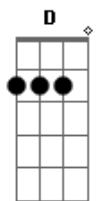

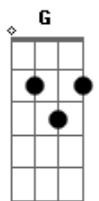

```
       G     D
Well I love you
               A
Shall I write or phone from Paris or Rome
           G              D
and I'll miss you all
        A
even tho' you're tryin' to hold me back

Small Break: D

G
Farewell all my family

don't you know I mean you so well
                         D
Please appreciate I must make a break

just to see what I can do
       G              Riff 1
The stage is set so understand

I can't hide in the wings no more
               G
I've got to go now it's no use me staying home

               G     D
All I can say is I love you
               A
Shall I write or phone from Paris or Rome
       G                      D
And I think I'm always gonna miss you
Intro: Riff: G D D A

A
And I love you always
Intro: Riff: G D D A
A
I think I'm always gonna miss ya
        G                     D
even tho' you're tryin' to hold me back

Break: G  D

G D over whistling

Then Intro x3

G               G  D D A
And I love you and I miss you
           G           D D          A
If you don't get no mail you know I'm in jail
           G           D D          A
If you don't get no mail you know I'm in jail
           G        D D    A
But I love you and I miss you

Repeat Intro indefinitely
```
