Oh, baby I don't know why

Deep down inside you know
Dbm A
This love's worth one more try
Dbm A
Don't push it all aside

Refrão:

'Cause I wanna be good for you
A
I didn't mean to be bad
B E
But darling I'm still the best
A
That you ever had
B
Just give me a chance
A
To let me show you how much
E A
I wanna give you my love touch, love touch
B
Why can't I climb your walls
E
And find someplace to hide
A
Can't I knock down your door

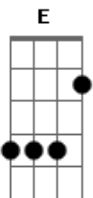

And drag myself inside E
A
I'll light your candles, baby
E
And maybe I'll light your life
A
I wanna feel the breathless end E
You come to every night
A
This ever changing love
E
Is pushing me too far
A
I feel the need to reach you
E
Right now wherever you are

These empty arms are getting stronger

Every day, believe me, baby
E
They won't let you get away
B
No, they won't let you get away

(Refrão)

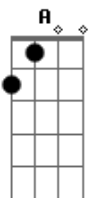

(E A B)
You know it don't matter

Ooh you're gonna get a, ooh you're gonna get a big lovetouch...
