

Rodrigo Vangelino - Juliana

tom:

Intro: C Am F D G D

Eu tava pronto pra viver o amor

Quando ela chegou

Sorriso lindo, largo

Cabelo preto, olhar que me pegou

Eu me joguei num querer sem maldade

Sem temor

Ela agarrou na minha mão e disse

Pra onde tu for eu vou

E começou assim a nossa história

O tempo se quebrou e a gente riu

Ah, como riu

Vivendo cada instante de Vitória

De um sentir que ninguém nunca viu

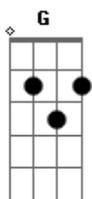

[Refrão]

Eu percebi que a gente já se tinha

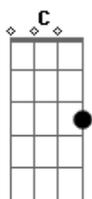

Foi o fim

De uma espera que já consumia

D
Tudo em mim

Ela chegou trazendo um amor sincero

E o coração

E eu sorrindo fui dizendo quero

Em forma de canção

Ela me olhou com a força de quem ama

A vida renascendo no sertão

Quando a chuva cai

Meu olho riu e eu falei Juliana

Tu chegou trazendo a minha paz

[Refrão Final]

Ela me olhou com a força de quem ama

A vida renascendo no sertão

Quando a chuva cai

Meu olho riu e eu falei Juliana

Tu chegou trazendo a minha paz

Tu chegou trazendo a minha paz

Tu chegou trazendo a minha paz

Minha paz
