

ROLE MODEL - Going Out

tom:
C

Don't hit me if you're going out
F
I can barely leave the house
C
Mood is always moving south
F
And you don't know what that's about
C

Don't hit me if you're going out
F
I can barely leave the house
C
Mood is always moving south
F
And you don't know what that's about, yeah
C

Don't check on me Don't sweat, I'm fine
F
Don't expect me to just unwind
C
It takes a minute and some wine
F
Fuck till I'm finished then say bye
C

I don't say much
F
I know goin' out don't really take much
C
But frat boys in the city gonna hate us
F
They impress their daddies with an A
C

I try to put my shoes on and I give up
F
Homie sent the address to the strip club
C
Girls pay 20K just for a lift up
F
The type of girl that make
F
The boys do sit-ups
C

Don't hit me if you're going out
F
I can barely leave the house
C
Mood is always moving south
F
And you don't know what that's about
C

Don't hit me if you're going out (going out)
F
I can barely leave the house
C
Mood is always moving south (moving south)
F
And you don't know what that's about
F
Yeah (I don't know what that's a)
C
(I don't, I don't know what that's a)
C

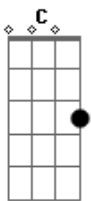

The DJs replay every song (ooh)
F
Just act okay and play along
C
He hates that he can't say I'm wrong
F
(can't say I'm wrong)
F
His friends pretend and carry on
C
Like are you stupid?
F
I'm not in the club
F
Looking for Cupid (cupid)
C
I be on my couch alone and useless (useless)
F
Twenty for a drink I think you're clueless
C
You can come and find me when you close out
F
When all the other boys
F
Are getting thrown out
C
Dudes be hella rude so I don't go out
F
No, I don't go out
C

Don't hit me if you're going out
F
I can barely leave the house
C
Mood is always moving south
F
And you don't know what that's about
F

Don't hit me if you're going out
C
I can barely leave the house
F
Mood is always moving south
C
And you don't know what that's about
F

Don't hit me if you're going out
C
I can barely leave the house
F
Mood is always moving south
C
And you don't know what that's about, yeah
F
