

# Ron Gallo - Young Lady, You're Scaring Me

tom:

Intro: E D A C E

E D Let?s get a house, you and me and your twelve cats  
We?ll put mirrors on the ceiling  
We?ll have a bunk bed by the bath  
You?ll line my mattress with nails  
One for every time something psycho came out of your mouth  
Your cavern eyes are preying  
Your scarlet lips half saying  
A sales pitch for the circus in your mind  
[Refrão]  
D A E Young lady, you?re scaring me  
[Riff]  
D A E Young lady, you?re scaring me  
[Riff 1]  
E Dumbbell right to the temple  
D Carry me to your shrine  
A Dedicated to the prince of the last of your nine lives  
E She waited in the darkest corner all night

Until I closed up shop, I turned out the lights  
Then she begged for me to drive her home  
I thought about the Kensington Strangler as I was about to say  
no  
( E D A E )  
E D When we pulled up to her bleeding dollhouse  
She said, ?Park behind the hearse?  
I said, ?No need, get out and take your purse?  
[Refrão]  
D A E Young lady, you?re scaring me  
[Riff]  
D A E Young lady, you?re scaring me  
[Riff]  
E D Remember that time you wrote me two hundred letters  
Never once to a single reply  
E Remember they all referenced a love that wasn?t real  
Considering we talked maybe one or two times  
[Refrão]  
D A E Young lady, you?re scaring me  
[Riff]  
D A E Young lady, you?re scaring me  
[Riff 1]
