

Ronnie Von - In My Life

Tom: **D**
Intro: 2x: **G D**

Intro: 2x: **G D**

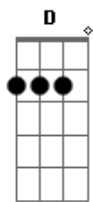

There are **G** places **D** I'll **Em** remember **F**
all my li--ife **C** though **Cm** some **G** have changed
Some **D** forever **Em** not **F** for better,
some have go--one **C** and some **Cm** remain **G**
All these **Em** places **C** had their **F** moments,
with **F** lovers and **G** friends I still can recall
Some are **Em** dead and some are **A7** living,
In my **C** life **Cm** I've **G** loved them all

But of all these **G** friends **D** and **Em** lovers, **F**
There is no one **C** compares **Cm** with you **G**
And these **D** memories **Em** lose **F** their meaning,
When I **C** think **Cm** of love **G** as something new
Though I **Em** know I'll **C** never lose affection
For **F** people and **G** things that went before
I know **Em** I'll often **A7** stop and think about them
In my **C** life **Cm** I'll **G** love you more
