                  Bbm                            Db
My life's been magic, seems fantastic

I used to have a hole in the wall
      Ebm
With a mattress

It's funny when you want it
            Gb
Suddenly you have it

You find out that your gold's just plastic
Bbm
Every day, every night
   Db
I've been thinking back on you and I
Ebm              Gb
Every day, every night
            Db
I worked my whole life
                Ebm
Just to get right, just to be liked
Gb
Look at me, I'm never coming down
            Db
I worked my whole life
                Ebm
Just to get high, just to realize
Gb
Everything I need is on the
                      Db
Everything I need is on the ground

On the ground

Everything I need is on the ground

Nah, but they don't hear me though

(Yeah, what goes up must come down)

Nah, but they don't hear me though

(You're running out of time)
Bbm                      Db
My world's been hectic, seems electric

But I've been waking up
              Ebm
With your voice in my head

And I'm trying to send a message

And let you know that
     Gb
Every  single minute I'm without you

I regret it
Bbm

So far from you now
