G C G C  
 Like a whisper in me, I feel the warm winds coming through. I want you. I want you

G C  
 The empty streets all look the same, take me home blue morning rain. I want you

C D G Em  
 Calling pictures in my mind, when I wanna be with you. C D G C D G D

G  
 On this long distance line, how I wish that you would stay. I want you

G C G  
 Remember what you told me, we always wind up all alone,

together...

G C G  
 As long as rivers will run, as long as I can see the sun. I want you  
 C D G Em C  
 D

G  
 Moving pictures in my mind, when I wanna be with you. And on this long distance line,

C D G D G  
 how I wish that you would say. I want you!  
 C D G Em  
 When your nights are lonely. No, you're not the only.

C D G C  
 Waiting for another day, how I wish that you would say,  
 D G  
 how I wish that you would say. Hey, I want you!

G C  
 For all the love in your eyes, for all the love that's in your mind. I want you. I want you...
