

Roxette - It Must Have Been Love

```
Tom: Bb
Intro: C F
    C
It must have been love
But it's over now
Lay a whisper on my pillow,
leave the winter on the ground
I wake up lonely, there's air of silence
in the bedroom and all around
                       C
Touch me now, I close my eyes and dream away
It must have been love, but its over now
                  Dm
                              Am
It must have been good, but I lost it somehow
It must have been love, but its over now
                 Dm
                                  Am
from the moment we touched till the time had run out
Make believing, we're together
that I'm sheltered by hour heart
But in and outside I've turned to water
